The Celestial Abode: A Realm of Divine Presence

The first heaven, known as the celestial abode, is a realm of harmony and beauty. It is the home of celestial beings, ангелы и архангелы, who serve as guardians and messengers of the divine.

They share their experiences of meeting divine beings, receiving celestial wisdom, and witnessing the wonders of this heavenly realm. The Sphere of Fixed Stars: A Celestial Canvas

Ascending beyond the celestial abode, we enter the sphere of fixed stars—a vast expanse adorned with celestial bodies that have captivated astronomers and philosophers for centuries. In this realm, the stars shimmer with a brilliance that outshines any earthly luminary.

Companion to the Three Heavens reveals the secrets of the fixed stars, their astrological influences, and their role in shaping human destiny. You will journey among the constellations, learning about the ancient wisdom and mythological tales associated with each star. Through the lens of astronomy and astrology, you will gain a deeper appreciation for the celestial tapestry that surrounds us.

The Empyrean Realm: Pure Consciousness and Divine Union

Beyond the sphere of fixed stars lies the empyrean realm, a transcendent dimension where pure consciousness dwells. In this realm, all duality dissolves, and the soul merges with the divine.

In *Companion to the Three Heavens*, you will explore the nature of consciousness and the mystical experiences that have led countless seekers to the empyrean realm.
