

Infernal Devices Mortal Engines: Unraveling the Mystery of the Infernal Devices

The Infernal Devices Mortal Engines is the first book in the Infernal Devices trilogy by Cassandra Clare. The novel follows the adventures of Tessa Gray, a young woman who discovers she has the power to control clockwork devices. Set in a steampunk world where cities are mounted on wheels and travel across the land, the novel explores themes of identity, love, and the power of choice.

Tessa Gray is a young woman who has always felt like an outsider. When she was a child, her parents were killed in a mysterious accident, and she was sent to live with her aunt in London. Tessa has always been fascinated by clockwork devices, and she has a natural talent for repairing them.

One day, Tessa is attacked by a group of demons. She is rescued by two Shadowhunters, Will Herondale and Jem Carstairs. Will and Jem are members of the Clave, a secret organization that protects the world from demons. Tessa is drawn to Will's dark and mysterious charm, and Jem's kind and gentle nature.
